Miscellaneous Information:

Each earthen plot can accommodate: (1) 1 adult burial (2) 2 infants depending on dimensions (generally under 2'-6"). (3) 1 adult burial + 1 cremation, (4) 4 cremations. Restrictions apply; please contact Pat Scheiding for information and verification on what your plot can accommodate.

If there is more than one burial on a plot, you may have more than one marker. The main marker will always be placed on the west, and any additional markers must be flush with the ground. Headstones are always placed above the head, and the head is always placed at the west end. The text on marker can read from whichever direction you prefer.

Flowers: must be removed after the first frost. Silk flowers are permitted from November 1 to March 15.

Foundations: Are poured, weather permitting, between April 15 and October 15.

Plot Selection: When selecting a plot to purchase, you may choose from within the section currently being developed. We do not sell plots across the whole cemetery but rather section by section.
